

Prabakaran S R

Coimbatore, Tamil Nadu | 9626290640 | prabakaransr198@gmail.com | linkedin.com/in/prabakaransr19 | github.com/prabakaransr19

Education

KPR Institute of Engineering and Technology

B.Tech. in CSBS (Honours in Cloud Computing Vertical); CGPA: 8.23/10

Coimbatore, Tamil Nadu

Sep. 2023 – Mar. 2027

Experience

Java Full Stack Development Intern

Jul. 2026 – Present

Infosys Springboard

Remote

- Developing a full-stack **Water Consumption Management System** for residents, using **Java, Spring Boot, React, and PostgreSQL**
- Designing RESTful APIs with Spring Boot to handle consumption tracking, billing logic and resident data persisted in PostgreSQL
- Building a responsive React frontend to visualize household water usage trends and generate consumption reports

Full Stack Web Development Intern

Jan. 2025 – Feb. 2025

Capabl Pvt. Ltd.

Remote

- Built and deployed **2 interactive dashboards** for real-time weather and population data using HTML, CSS, and JavaScript
- Integrated **OpenWeather** and **Government Census APIs** to visualize current conditions, 5-day forecasts, AQI, and population insights with a responsive UI

Projects

BoxMachiBox – F1 Podium Prediction App | *Python, XGBoost, FastAPI, React.js*

- Built a full-stack app with a **React.js** frontend and **FastAPI** backend to serve live F1 podium predictions to users
- Trained an **XGBoost** model on 47 engineered features from qualifying, driver, and team data, reaching **93.89% accuracy**

Neural Network From Scratch | *Python, NumPy, Pandas*

- Built a neural network **from scratch** in Python using NumPy, building backpropagation and gradient descent manually
- Trained the network on the **MNIST** handwritten digit dataset and achieved **84% accuracy** using self-written forward and backward passes

Technical Skills

Languages: Java, SQL, Python, JavaScript

Frameworks & Libraries: Spring Boot, FastAPI & Pydantic, TensorFlow, Pandas, NumPy, scikit-learn, React

Developer Tools: Git & GitHub, VS Code, IntelliJ IDEA, Postman, Vercel, PostgreSQL, Google colab

Core CS: Data Structures & Algorithms, DBMS, OOPs, Operating Systems

Achievements & Leadership

IEEE Xtreme 18.0 – Achieved All India Rank **423** in the global 24-hour competitive programming challenge

ABB EngineeredX – Selected as a **Global Finalist** in ABB's international engineering innovation challenge

Actively led team to victory in **multiple inter-collegiate hackathons**

Club Coordinator – Youth Parliament, Sangamam Clubhouse – KPRIET

Technical Lead – IEEE SSIT – KPRIET SB

Certifications

GitHub Foundations | **AWS Certified Cloud Practitioner**

NPTEL – Business Ethics (*Elite + Silver*) | **HackerRank** – Problem Solving, SQL, Python (Basics)
